APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all existing rights on the source. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the period of use and the average number of cattle served from the waters of this source. The State retains the right to regulate the use of the water herein granted at any and all times but does not take responsibility for the use of the Federal range.

This permit is issued from Reveille Mill Spring as the natural water source.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.0242 cubic feet per second or sufficient water to water 750 head of cattle and 25 horses.

Actual construction work shall begin on or before May 6, 1969

Proof of commencement of work shall be filed before June 6, 1969

Work must be prosecuted with reasonable diligence and be completed on or before May 6, 1970

Proof of completion of work shall be filed before June 6, 1970

Application of water to beneficial use shall be made on or before May 6, 1971

Proof of the application of water to beneficial use shall be filed on or before June 6, 1971

Map in support of proof of beneficial use shall be filed on or before

Commencement of work filed JAN 28, 1969

Completion of work filed JAN 28, 1969

Proof of beneficial use filed JAN 28, 1969
